THE EMAGIC®

SOUND DIVER

- SoundDiver®: the no. 1 MIDI editor/librarian for MAC and PC—now available for the BEHRINGER V-AMP
- All V-AMP effects can be freely edited and combined, i.e. Wah + Compressor + Phaser + Delay + Reverb
- The librarian allows unlimited exchange and transmission of your V-AMP sounds
- EZ access to the ongoing Original Artist Library, downloadable at www.behringer.com
- SoundDiver® can be run simultaneously with Logic® sequencer applications sharing the same MIDI port
